

Bangkok electricity

Overview

The first recorded use of electricity in Thailand was the lighting of the Chakri Maha Prasat Hall of the on the occasion of the birthday of on 20 September 1884. The king took a great interest in electricity, particularly its potential for street lighting. In 1897, Luang Pinitjakrapan and Leo Nadee established the Bangkok Electric Light Syndicate to generate and distribute electricity to the citizens of Bangkok. It was later sold as concession to Siam Electricity Co. Ltd., a Danish compan.
