

Bulgarian energy storage container production plant

Overview

International Power Supply (IPS) has officially opened its new battery energy storage system (BESS) manufacturing facility near Sofia, Bulgaria – a site recognized by the European Commission as a Strategic Project under the Net-Zero Industry Act. 2 MWh and fits into a standard container. The project is co-located with a 33MWp PV plant in southwestern Bulgarian city of Razlog and is connected to. The manufacturing facility has launched with 3 GWh annual capacity, set to expand to 5 GWh by Q2 2026. Now, three years later, how is this system running?

What value has it brought to customers?

This. city (gr, which were under repair, a strong water hammer occurred and the facility was literally destroyed. As a possible reason, sources from "Capital" point to the lack.
