

Burkina faso solar industry

Overview

The solar industry in Burkina Faso is experiencing significant growth, driven by the increasing demand for renewable energy solutions. Burkina Faso's solar market is set to face major challenges in 2025 due to new restrictions on imported solar equipment. The renewable. The project is earmarked to deliver 150MWp of solar PV power integrated with a 50MW battery energy storage system (BESS) The Government of Burkina Faso has signed a Public-Private Partnership (PPP) agreement with a local developer and a Dutch clean energy investment firm to develop a major solar. On December 2, 2025, Blue Carbon Technologies proudly joined forces with Sonikara Solar Electro and the Ministry of Energy of Burkina Faso to host the Burkina Faso Solar Industry Forum in Ouagadougou.
