

# Canberra electricity policy

## Overview

---

The ACT Government is releasing new Integrated Energy Plan (IEP) as part of its investment in an all-electric, zero-emissions future for Canberra. The plan includes a range of Government commitments to support Canberrans through the transition to cheaper, cleaner energy. Andrew Fischer, Head of Policy and Research at the Green. The ACT is preparing to electrify our city and transition away from the use of fossil fuels, such as gas petrol and diesel by 2045. Through the RETA the Australian Government and.

## Canberra electricity policy
