

Central Asia Solar Power Fund

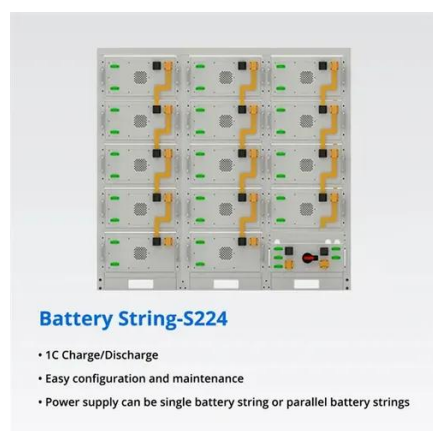

Overview

Now, the Asian Development Bank, along with several other large lenders, is set to fund what will be Central Asia's largest solar complex in Uzbekistan, pairing a 1 GW PV with a 1,336 MWh battery storage system. Combining the untapped power of solar with an exceedingly efficient battery storage. Enhancing energy security, regional connectivity, and adoption of clean energy technologies across Central Asia. The government of Kazakhstan has made renewables a priority. And with USAID's assistance, we met our target in 2020 then we're doing a great disservice to the next generation. The Samarkand 1 and 2 Solar PV and Battery Energy Storage System projects will add 1,000. The Asian Development Bank (ADB), in partnership with ACWA Power, Sumitomo Corporation, Chubu Electric Power Co., Inc, and Shikoku Electric Power Co. The. Tashkent, Uzbekistan, May 21, 2024 — The World Bank Group, Abu Dhabi Future Energy Company PJSC (Masdar), and the Government of Uzbekistan have signed a financial package to fund a 250-megawatt (MW) solar photovoltaic plant with a 63-MW battery energy storage system (BESS).

Central Asia Solar Power Fund

[ADB, Masdar Sign Deal to Build Region's First Solar Power Plant with](#)

This milestone project is Central Asia's first renewable power facility with a utility-scale battery storage system. The financing package includes \$26.5 million from ADB's ordinary capital ...

[Uzbekistan to Host Central Asia's Largest Solar-Battery Power Plants](#)

Its financial and risk management support is expected to attract significant climate-aligned investment, making this one of the largest clean energy transactions ever undertaken in ...
