

Copenhagen roof tiles solar

Overview

European homeowners are making the switch to solar roof tiles—combining weather protection with energy generation in one integrated system. With feed-in tariffs, tax incentives, and renovation support programs available across the EU, now is the ideal time to transform your. CapMan Real Estate has unveiled plans for a 7,500 sqm rooftop solar installation, billed as Scandinavia's biggest integrated solar roof project to date, in Copenhagen. Solartag, a Danish solar-integrated roof specialist, is supplying the solar panels for the 750 kW array. Møller Architects is many wonderful things, but perhaps most remarkably, it is the architecture of willingness and foresight. The roof tiles visually have the same look as a slate roof, just made of tempered glass with built-in solar cells. Tempered glass is incredibly.
