

Electricity bills togo

Overview

The residential electricity price in Togo is XOF 115. These retail prices were collected in June 2025 and include the cost of power, distribution and transmission, and all taxes and fees. The new rates were disclosed via an interministerial order dated March 24. Compare Togo. A recent increase in electricity tariffs in Togo — up to 30% — has sparked outrage from the Association Togolaise des Consommateurs (ATC), which denounces the measure as “sudden and brutal.” The price adjustment, revealed discreetly through an official decree, comes amid prolonged economic hardship. International customers that get their power supply failed to pay the sum of \$19. The report said the countries that.
