

Energy Storage Photovoltaic News

Overview

pv magazine International – News from the photovoltaic and storage industry: market trends, technological advancements, expert commentary, and more. By the end of December 2025, China's cumulative installed capacity of new energy storage technologies including lithium-ion reached 144.7GW, representing an 85% year-on-year rise. Silver hit a new all-time high of \$117.66/oz, climbing over 40% in the past month and 275% in the past year, driven by dollar weakness, geopolitical. UK energy storage company Zenobe has decided to enter the German market and is looking to acquire battery energy storage systems (BESS) of no less than 1 GW/4 GWh by 2030. Canadian Solar Inc (NASDAQ:CSIQ) said on Thursday its e-STORAGE unit will equip two standalone battery energy storage projects. China sets “capacity price” floor for grid-scale storage, tying payments to coal benchmarks Beijing's new rule lets standalone storage earn fixed-cost payments for availability, not energy delivered. WEG secures funding for Brazilian battery manufacturing plant The new plant will increase WEG's. We expect 63 gigawatts (GW) of new utility-scale electric-generating capacity to be added to the U. power grid in 2025 in our latest Preliminary Monthly Electric Generator Inventory report. 6 GW of capacity was installed, the largest.

[Energy Storage News , Today's latest by Renewables Now](#)

Latest news on energy storage projects, BESS, capacity expansion, and regulatory updates across Europe, US & Canada, Latin America, and Asia Pacific. Discover how energy storage solutions support ...

Latest Energy Storage & Battery Technology Updates

Get the latest updates on battery tech, grid-scale storage & green energy - with trusted news, trends & expert commentary

Energy Storage Articles, Stories & News

This 1 GWh project is set to become one of the largest battery energy storage projects in Italy and in Europe. Trina Storage is already preparing additional projects for delivery under Italy's MACSE scheme, ...

Energy-Storage.News

Energy storage is expected to play a significant role in enabling the global data centre build-out, although the commercial and financing models developers will use are evolving, Energy-Storage.news has learned.

PV Tech

The number one source for in-depth and up-to-the-minute news, technical articles, blogs and reviews on the international solar PV supply chain.

Energy Storage

pv magazine USA, the leading solar and energy storage trade media platform. Industry news covering market trends, technological advancements, expert commentary, and more.

[Solar, battery storage to lead new U.S. generating capacity additions](#)

Battery storage. In 2025, capacity growth from battery storage could set a record as we expect 18.2 GW of utility-scale battery storage to be added to the grid. U.S. battery storage already achieved record growth in ...

Solar Energy Storage & Battery News

Top news on solar energy storage facilities and solar batteries. New battery manufacturing plants, major battery suppliers, advanced solar-plus-storage systems, latest research and development in the field.

Energytrend

Energytrend is a professional platform of green energy, offering extensive news and research reports of solar PV, energy storage, lithium battery, etc.
