

Hanergy solar rooftop power generation facility

Overview

Leading clean energy giant, Hanergy has announced that its cutting-edge thin-film solar modules will cover the 150,000 square meter roof of the 'Rafael Gallery' located at a Tech City in Shanghai. Finally all visible surface of a curved solar roof tile can be efficiently used, making it possible to get maximum yield of a tile roof. An artist's rendition of the Rafael Gallery Sky Bridge shows the roof where Hanergy's solar PV panels with CIGS technology will be installed. This article delves into the. Hanergy's solar power generation installation solutions are redefining renewable energy with flexible thin-film technology that's turning roofs into power plants - sometimes so sleek you might mistake them for architectural feature Let's start with a solar-powered brain teaser: What do Hanergy. Hanergy is a China based solar company. It is the largest thin film company, with more than 8000 employees.

Hanergy solar rooftop power generation facility

Hanergy Solar Power Generation

Equipped with Hanergy's custom-tailored thin-film solar power generation system, the solar boat is set to sail in Bangkok's Damnoen Saduak floating market.
