

# How long is the Risheng 620 photovoltaic panel

## Overview

---

This is Risen's most powerful and efficient panel, with a power output of 720-740 watts and an efficiency of 23-24%. Risen 620W solar panels are built for distributors, EPCs, and installers who want real-world kWh with simple, low-risk engineering. The n-type TOPCon half-cell platform with a bifacial, dual-glass structure captures extra rear-side light and keeps output stable in heat and low light, helping you. See the table below for available information we have about Risen Energy Co Ltd RSM132-11-620BNDG solar panels. We do our best to provide information such as the RSM132-11-620BNDG panel dimensions, datasheet, warranty information, wattage and more wherever possible. It measures 2465#215;1134#215;30mm and has a weight of 34. Using. Better temperature coefficient (Pmpp) Non-destructive cutting PID resistance Low BOS cost & LCOE Bifacial gain 1 Maximum Refer to Mechanical Astronergy crystalline Test Load=1.5#215;Maximum installation manual Mechanical or contact Design technical Load. If you order the mainstream solar panel --- cell size 166\*166mm or 182mm\*182mm (210\*210mm will soon becoming popular), cell number 54pcs,60pcs, 72pcs, watt :365-670W), you can get the lower price. Thin film 620w risen solar panel is flexible and lightweight, ideal for mobile and alternative uses. Each type is engineered to maximize energy output based on environmental conditions so they perform well and last long.

## How long is the Risheng 620 photovoltaic panel

### **JKM600-620N-66HL4M-BDV-F4-OC**

Note: For specific dimensions and tolerance ranges, please refer to the corresponding detailed module drawings.

### [620w photovoltaic panel specifications and dimensions](#)

The most important solar panel specifications include the short-circuit current, the open-circuit voltage, the output voltage, current, and rated power at 1,000 W/m<sup>2</sup> solar radiation, all

### **Risen 620W N-Type TOPCon Bifacial Solar Panels**

Risen 620W n-type TOPCon, bifacial dual-glass modules for C& I and utility projects--more energy per string, long warranties.

If you order the mainstream solar panel --- cell size 166\*166mm or 182mm\*182mm (210\*210mm will soon becoming popular), cell number 54pcs,60pcs, 72pcs, watt :365-670W), you can get the lower price, because ...

### **Risen solar panels review 2026: Rise'n Shine!**

Solar panel's power output ranges from 435 to 740 watts, while their efficiency floats from 20.5% to 24%. Risen solar panels are backed up with a 12-15-year product and a 25-30-year performance warranty.

### [RSM132-11-620BNDG Solar Panel Information \(Risen Energy Co Ltd\)](#)

See the table below for available information we have about Risen Energy Co Ltd RSM132-11-620BNDG solar panels. We do our best to provide information such as the RSM132-11-620BNDG panel dimensions, ...

TOPCon / Half-cut. Better temperature coefficient (Pmpp) Non-destructive cutting. PID resistance. Low BOS cost & LCOE. Bifacial gain. 1 Maximum Refer to Mechanical Astronergy crystalline Test Load=1.5×Maximum ...

## 620W Risen Solar Panel

620w risen solar panel are designed to handle all types of weather, although their performance could be different. They perform optimally in sunlight, but on cloudy or rainy days, energy generation could be lower.
