

Huawei Malawi dedicated energy storage battery

Overview

Backed by our Alliance, and implemented by the state utility ESCOM, the project will install a 20MW/30MWh battery system in Lilongwe. The system will store electricity when supply is high and release it when demand peaks, helping balance the grid and support greater use of. Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series. This is GEAPP's first. Malawi is building its first battery-energy storage system to protect its grid from extreme weather, including cyclones that have repeatedly disrupted power in recent years.
