

Irish energy storage solar energy storage cabinet lithium battery manufacturer

Overview

Our dedicated team of experts leverages decades of expertise in energy storage and solar power, specializing in lithium-ion battery applications. Our renewable strategies are designed to be cost effective and adaptable, making them ideal for projects of any scale. Modern battery energy storage systems (BESS) allow users to capture surplus solar power during the day and use it at night or during peak demand, helping to create a more reliable and sustainable energy ecosystem. Add a Solar Battery System to increase savings from Solar PV and to store. Eir Solus develops stand-alone battery storage systems as well as hybrid energy systems that link battery storage with wind and/or solar plants.
