

Kathmandu rooftop solar energy storage company

Overview

It is leading 360 degrees solar energy solution provider and leads the way in ground mounted, industrial roof top and residential solar systems in Nepal. Modern solar storage installations in Kathmandu deliver: The latest systems combine modular lithium-ion batteries with AI-driven energy management. Established in 2010, we have carried out over 2,000 projects with a cumulative installed capacity of over 2. Transform your home with intelligent automation systems. In order to meet the client's requirements and ensure fast and efficient installation, GSOL supplied a pre-assembled containerized solar system from our workshop in Denmark and. Peak Power managed the in-country logistics, local fabrication and installation with GSOL handling the supply, commissioning, training and handover of the containerised system. This PV system featured extensive bespoke building integrated PV to provide "solar-shelters" on the building roof top area.

Kathmandu rooftop solar energy storage company

- ✓ 100KWH/215KWH
- ✓ LIQUID/AIR COOLING
- ✓ IP54/IP55
- ✓ BATTERY 6000 CYCLES
