

Kazakhstan develops energy storage projects

ESS

Overview

Masdar and Kazakhstan's sovereign wealth fund Samruk-Kazyna announced a landmark collaboration to develop up to 500MW of baseload renewable energy backed by battery energy storage systems (BESS), alongside 2GW of additional storage deployments across the country. The agreement—formalized during an ASTANA - Kazakhstan is accelerating its renewable energy development, with strong government support, clear targets, and a roadmap to commission over 8.4 gigawatts (GW) of renewable capacity by 2035, while seeking international investment.
