

Libreville electricity

Overview

Faced with a production shortfall and aging infrastructure, Société d'Eau et d'Énergie du Gabon (SEEG) is imposing rotating load shedding to stabilize Libreville's power grid. Gabon is experiencing an energy crisis that is having a major impact on its capital, Libreville. The Société d'Eau et. Gabon's capital Libreville was without electricity for several hours Wednesday following a “major technical incident”, the national energy supplier said. The early morning power outage “resulted in the loss of all production facilities in the Libreville Interconnected Network (RIC)”, the Gabonese. Gabon's main electrical utility said Wednesday that it will have to schedule power outages in the capital Libreville because of low water levels at its hydro-electric plants.
