

# Linying Solar Panel Manufacturer

## Overview

---

Yingli Solar is one of the earliest companies in China to commit to the photovoltaic industry. It is an integrated photovoltaic smart energy solution provider that encompasses technology research and development, smart manufacturing, and power station business. Founded in 1995, Linyang Energy is a national high-tech enterprise listed on the Shanghai Stock Exchange. As a main force in green energy transformation, Linyang adheres to a zero-carbon strategy, deeply cultivating the field of 'Smart Grid, Energy Storage and Renewable Energy'. Information is checked, categorised and connected. In 2024, China accounted for about 57% of new global solar and wind additions, which is double the amount of renewable energy generated compared to regions like the US, Europe. China is the global powerhouse in solar panel manufacturing, driving the industry with unparalleled production capabilities and cutting-edge technological advancements. We have continued our success story in domestic and international. Jiangsu Linyang Energy Co.
