Overview

NEW DELHI | 8 May, 2025 — The GEAPP Leadership Council (GLC) today officially announced the launch of India's first utility-scale, standalone Battery Energy Storage System (BESS) project, the largest of its kind in South Asia. This is the first project led by the BESS Consortium, a. Stay updated on Sustainability with sharp, essential insights that matter. A 20 MW battery energy storage system in South Delhi will enhance grid stability, integrate renewables, and supply four hours of daily power. Power minister Ashish Sood at the inauguration. (HT). AmpereHour Energy, in partnership with Indigrid and BRPL, delivers a pioneering 20 MW / 40 MWh BESS in South Delhi, enhancing grid reliability, cutting emissions, and setting a new benchmark in clean energy storage solutions. With increasing government support and clear targets, India's BESS market has increased, and installations rose from 51 MWh in 2023 to over 341 MWh in 2024 (source) The government.
