

No illegal photovoltaic panel installation

Overview

However, in general, solar panels are not illegal and most states have laws in place that protect a homeowner's right to install them. There are a few states where HOAs may still prohibit or restrict solar panels, but this is generally not the case. Most states have solar access laws that forbid any agreement, covenant, condition, bylaw, or contract that outlaws or limits solar installations by Homeowners Associations (HOA) or other municipal bodies. However, some states.
