

Power generation of wind power industry manufacturers

Overview

The top 15 is completed by Siemens Gamesa, GE Vernova, and Nordex, followed by Chinese manufacturers CSIC Haizhuang, Dongfang Electric, SANY, and Shanghai Electric. Wind power is a leading solution as the world increasingly turns to renewable energy to combat climate change and ensure energy security. The global wind energy market size was US\$89.7bn in 2024 and is expected to reach US\$260. In support of this upward trend. Leading wind power turbine manufacturers like Vestas (Denmark), Siemens Gamesa (Spain), Goldwind (China), and GE Vernova (France) continue to dominate global markets with massive installed bases and expanding order books. Meanwhile, in 2024, Europe reached a 92% share of its regional market, 4 percentage points higher than its 2023 level.
