

Solar power generation in the Kuerchi Desert

Overview

A mega solar and wind power base, jointly undertaken by China Three Gorges Corp and Inner Mongolia Energy Group, is currently under construction in the Kubuqi desert and is set to become the world's largest power generation base of its kind. 5 (Xinhua) -- Seen from the air, 196,000 solar panels stretch across the Kubuqi Desert in a striking horse-shaped mosaic, while on the ground, visitors to Chaideng Village, Ordos City, stroll along the solar station and nearby farmstays, savouring local delicacies in what was once the. HOHHOT, Jan. 16 -- Deep in the Kubuqi desert in north China's Inner Mongolia Autonomous Region, rows of blue solar panels glisten under the winter sun, converting sunlight into electricity that flows into thousands of households. Recently, reporters visited the Kubuqi Desert to investigate desertification control measures. Seen from the. ORDOS, CHINA - Media OutReach Newswire - 8 September 2025 - From September 16 to 17, 2025, the 10th Kubuqi International Desert Forum will convene in Ordos, Inner Mongolia Autonomous Region.
