

Taipei Wind Solar and Energy Storage Project Construction

Overview

Jointly developed with Shinshin Credit Corporation, this milestone project significantly enhances grid stability and reliability, reinforcing Taiwan's transition to a more resilient energy infrastructure. The facility officially commenced commercial operations in March. PRNewswire Taipei [Taiwan], February 3: Recharge Power Co., the energy storage subsidiary of J&V Energy Technology Co. (6869), has been selected to undertake the Engineering, Procurement, and Construction (EPC) works for a large-scale solar-plus-storage project. The project, awarded by HEXA Renewables, will integrate 48 MW of solar capacity with a substantial 185. Brand Name: ACE ENERGY Products: Air Compressor, Lighting, Air Conditioning Energy Saving, Waste Heat. Recharge Power Co.
