[How to Install Soft Close Drawer Slides: An Easy Guide](#)

Overview
Measuring for the Slides
Setting up the Slide Tracks
Securing the Slides to the Drawer
Move the jig and clamp it so it extends from the front of the cabinet. Position the drawer slide jig so the wide end is flush with the front of the cabinet and the narrow end extends from the front. Clamp it in place so it doesn't slide around on you and pull the inner drawer slides out of the brackets. If your drawer isn't heavy, you might be able to get away with using just 1 jig. However, if the drawer i...
Extend the drawer slides and reinsert the inner slides into the brackets. See more on wikihow
