

Which companies photovoltaic panels cannot be installed

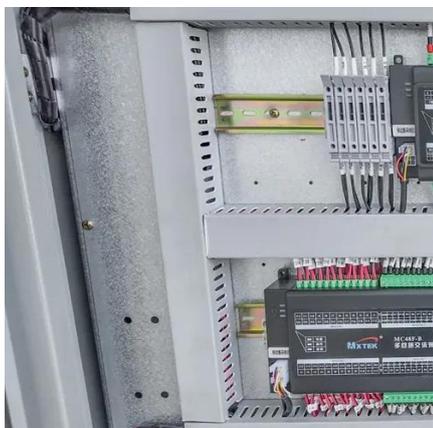

Overview

So the company that installed your panels no longer exists. What should you do if you have an issue?

Here are the four steps you should take as soon as possible. Welcome to the uneasy reality faced by homeowners when their solar contractor goes out of business. We've also helped clients navigate the maze. That's why we're publishing. Technically, no state outlaws or bans solar panels; quite the opposite. Most states have solar access laws that forbid any agreement, covenant, condition, bylaw, or contract that outlaws or limits solar installations by Homeowners Associations (HOA) or other municipal bodies. This also means that a warranty from the panel or inverter. And sometimes the panels are installed under a lease (also called a "Power Purchase Agreement") where you pay the company that owns the system a monthly fee for the power it generates.
