

Wide-temperature type outdoor energy storage cabinet for factory users

Overview

Scalable from 215kWh to multi-MWh configurations for flexible industrial needs. IP54-rated outdoor cabinet withstands extreme temperatures, dust, and moisture. LFP batteries with 6,000+ cycles, 95% efficiency, and 10-year lifespan. Real-time load optimization, peak shaving, and grid interaction via. The GSL ENERGY 215kWh 768V Outdoor Cabinet ESS is an advanced energy storage power system that integrates power modules, batteries, intelligent cooling, fire protection, dynamic environment monitoring, and smart energy management in a single outdoor-rated enclosure. Featuring a high-efficiency liquid cooling system, it ensures superior thermal balance, longer battery life, and stable performance under various environmental. converters, energy management monitoring systems, power distribut quisation of local load power, photovoltaic power generation priority is self-generation and self-use, and surplus electricity stora . The commercial and industrial energy storage solution we offer utilizes cutting-edge integrated energy storage technology. Our system is designed to enhance energy density and thermal performance, accelerate installation times, engineered for optimal serviceability, and minimizing capital.

Wide-temperature type outdoor energy storage cabinet for factory use

[EK-372KWh Outdoor Cabinet Series C& I Energy Storage System](#)

Energy storage outdoor integrated cabinet is a distributed energy storage system suitable for industrial and commercial scenarios. It can convert renewable energy such as solar energy and wind energy ...

[Outdoor Commercial & Industrial Energy Storage Cabinet \(Air-Cooled\)](#)

The Outdoor Commercial & Industrial Energy Storage Cabinet (Air-Cooled) is an integrated energy storage solution designed for complex environments and high-intensity operating conditions.

[215kWh 768V Outdoor Cabinet ESS , Solar Power Energy Storage ...](#)

This outdoor cabinet is designed for solar power energy storage systems, making it ideal for small-scale commercial and industrial facilities, renewable energy integration projects, and distributed power ...

[Commercial and Industrial Energy Storage Cabinet BESS , Anern](#)

All-in-One Design: Compact, pre-assembled solution for easy deployment and reduced installation time. High Scalability: Modular architecture allows for flexible capacity expansion. Robust Protection: IP54 ...

- ✓ ALL IN ONE
- ✓ 100Kw/174Kwh High Capacity
- ✓ Intelligent Integration

Outdoor Cabinet , SWA Energy LiFePO4 Battery Storage Systems

Our outdoor cabinets are pre-assembled for quick deployment and can operate reliably under wide temperature ranges. They ensure stable energy storage performance in challenging climates, ...

250kW/500kWh Outdoor Cabinet Energy Storage System ...

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the ...

Air-cooling Cabinet (Outdoor)

Designed with high integration density in mind, our system features a modular design that seamlessly adapts to inverters with voltage ranging from 600V to 1500V.

215kWh Outdoor Cabinet Series -

Industrial & Commercial Energy Storage

Highjoule 215KWh outdoor cabinet series industrial and commercial energy storage system has high capacity and is designed for factories, data centers, microgrids and large-scale renewable energy ...

261kWh Liquid Cooling Energy Storage System , Wenergy

The 261kWh liquid-cooled BESS is an advanced outdoor energy storage cabinet designed for commercial and industrial applications. Featuring a high-efficiency liquid cooling system, it ensures ...

Cabinet Energy Storage System , VREMT

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...
