

# Xilinguo Guohua Wind Power Generation

## Xilinguo Guohua Wind Power Generation

### [CHN Energy Guohua Investment's New Energy Installed Capacity ...](#)

Guohua Investment's business scope covers wind power, photovoltaics, hydrogen energy, energy storage, comprehensive smart energy and investment funds, with business expanding to 28 provincial ...

### [Power plant profile: Inner Mongolia Abag Qi Huitengliang \(Guohua\), China](#)

Guohua Xilinguole New Energy Co. Ltd. is a China based wind power generation company. It engaged in the construction and operation of wind power projects in Inner Mongolia Autonomous Region, China.

### [Overview of the development of offshore wind power generation in China](#)

Offshore wind power generation has gained continuous attention and has been developed rapidly in China, because of its huge potential to drive the energy transition process. This paper investigates the ...

## GuoHua Wind Farm

The GuoHua wind farm consists of the installation and operation of 33 domestically produced wind turbines with an individual capacity of 1,500 kW, with a total installed capacity of 49.5 MW.

## B: Wind Power

The 13th Five-Year Plan established a goal of 210 GW of grid-connected wind power by 2020, including 5 GW of offshore wind. Provinces were given specific deployment goals, including 27 GW for Inner ...

### [Snow-covered wind farm highlights clean energy growth in N China's](#)

As of now, the installed and operational capacity of new energy in Xilingol League has reached 25.16 million kilowatts, accounting for 57 percent of the region's total power capacity, while annual power generation has ...

### [?Green and Low-Carbon Development?CRRC Wind Power Projects](#)

...

Among them are two projects powered by CRRC turbines: the 800 MW Alxa Base wind project by CRRC Shandong Wind Power, and the 500 MW Qian'an project of Guohua Investment's Jilin Branch, ...

## [CDM: Xilinguolemeng Huitengliang Guohua Wind Farm Project](#)

China, involved directly approval (1144 KB) authorization (1144 KB) Authorized Participants: Guohua (Xilinguole) Renewable Energy Co., Ltd. ; Department of Climate Change, National Development and Reform Commission

## **The Status and Prospects of Offshore Wind in China**

China's floating offshore wind prototypes The global deep-sea floating offshore wind is still in the pilot demonstration stage. By the end of Sept. 2024, 5 semi-submersible wind turbines have been installed in ...

## [Xinhua Commentary: Winds of change: Chinese tech powers](#)

An aerial drone photo taken on April 27, 2025 shows a view of the Santanghu wind power farm in Hami City of northwest China's Xinjiang Uygur Autonomous Region. (Photo by Zhang Limin/Xinhua) BEIJING, ...
