

Xu Jing Photovoltaic New Third Board

Overview

With the recent surge in Photovoltaic New Third Board Listing activity, investors are scrambling to understand this niche market's potential. But what does this mean for your portfolio, and why should you care about China's "Third Board" in the first place. BEIJING, May 20 (Xinhua) -- Companies listed on China's "new third board," a financing platform for small and medium-sized enterprises (SMEs), have accelerated their innovation drive, with more firms upgraded to the board's innovation layer. A total of 5,926 listed companies posted combined revenue of 1. Despite global renewable energy investments reaching \$632 billion in 2024, mid-sized innovators like Aido Photovoltaic struggle to secure capital through traditional stock exchanges. The New Third Board—China's NASDAQ-style platform.
